Subject: Division Directive on Updating Status and Notice of Past Due Permit Fees, N & J Associates LLC, Golden Dragon Mine, S/047/0113, Uintah County, Utah

Dear Ms. Smith:

This letter is to inform you that the Division of Oil, Gas and Mining has not received permit fees or an annual report for the 2014 year on the above-mentioned permit. A billing statement and the annual report form were sent to the above address on January 20, 2014. **Authorization to operate under your Notice of Intention is suspended. Your options are as follows:**

1. You are hereby directed to cease all mining related activities, including the removal of previously mined materials, until the permit fees are paid in full. You are further directed to remit the past due amount of \$150.00 by May 3, 2014, to remove the suspended status and continue mining.
2. If you intend to close the permit, please submit the attached bond release request form. The Division's records indicate that a reclamation surety for this permit is currently provided by Ironshore Indemnity, Inc., in the amount of \$19,800. Please use the attached bond release request form to document whether any mining operations were conducted in the permit area and whether it has been reclaimed. Before releasing the bond funds, the Division will need to inspect the site and verify that the reclamation work has been completed in accordance with the regulations.

Thank you for your cooperation. Please contact April Abate at 801-538-5214 or me at 801-538-5261 if you have any questions regarding this letter. In reply, please refer to file number S/047/0113.

Sincerely,

Paul B. Baker
Minerals Program Manager
